David Nash	<b>X</b>	
Ed Santin	<b>X</b>	

Gerhard Ward	X	
Ryan Wilson	X	

### 1. Age Limitations on 250 and 250+ machines

This was and has been a topic before especially in regards to motocross, has been is discussions as far back as 4-5yrs ago at last in person AMA Congress Referring to page 63 of trike book , line item #6 Page 88 shows current class per age We made a motion for the Off Road set of rules to mirror the Motocross section of rules and have continuity See - new vs old language to be adapted for 2025 Rule book, we will finalize at our next meeting-

#### **Motocross current rule**

The minimum age for amateur riders is 12. A rider must be 14 or older to ride a 201cc to 250cc motorcycle. A rider must be 16 or older to ride a 251cc or above motorcycle. See ATV section 1.4 for ATV age limitations. The age of the rider is determined as of the date of the event, except in youth competition

#### **Off-road current rule**

The minimum age for amateur riders is 12. In all events, a rider must be 14 or older to ride motorcycles above 250cc. See ATV section 2.4 for ATV age limitations. The age of the rider is determined as of the date of the event, except in youth competition.

#### **Proposed new rule**

The minimum age for amateur riders is 12. A rider must be 14 or older to ride a 201cc to 300cc motorcycle. A rider must be 16 or older to ride a 301cc or above motorcycle. See ATV section 1.4 for ATV age limitations. The age of the rider is determined as of the date of the event, except in youth competition

### 2. US Sprint Enduro Series for National Ranking Series

US Sprint Enduro series/ promoter owner Billy Schlag

1- petitioning to become a National series Many questions and concern were brought about in regards to it having enough "weight" to be considered a new discipline in the off road event world .

A- Does it rise to a National level?

B- Full Gas is another entity , does US Sprint at the National Level, push Full Gas out of business and US Sprint becomes more of a monopoly?

C- AMA has one National Enduro series , which Sprints are a subset of

D- Many promoters, clubs and series promote and encourage encourage sprints in addition to their current Enduro Series , however everyone involved in those promoting them has a different interpretation of how the event runs, rules, times, mileage, etc. ( there is yet to be one standard form) and everyone promoting thinks their "way" is the correct way

We ended with a tabled discussion that will be continued and AMA Commission Members will be thinking it over , Mike Jolly will let him know how we are proceeding.

Thank you Mike.

### 3. Sound Decibels limits/discussion, Ed Santin

Ed Santin brought up agenda item 3 , which was more of a food for thought for all members and promoters. In regards to sound decibel levels at per page 343 in rule book. Also how we receive and again to hand uniformity to all the series out there

#### 4. Extreme Off-Road verbiage

Mike Burkeen- Item 4, Brought up the terminology “Extreme Off Road “ changing verbiage to “ Hard Enduro” the term “Hard Enduro” has been used across the board in the industry and many countries , he would like us to adapt that terminology into our rule book going forward.

#### 5. ISDE / Mike Jolly

5- In Closing A huge congratulations to ISDE and Mike Jolly for all their success and hard work! All The USA Teams were on their game !!!

Thank You to Mike Jolly , for handling, traveling, and taking on this role and doing it with a full time job! Round of applause!

Go Mike Jolly!!!

Technical committee was asked about in regard to make all machine oem only, that was shut down due to lack of parts.

Meeting adjourned at 9:29 Next meeting will be at End of Feb and date will emailed.

Good Night and Happy Holidays ! All the Best to all off you in 2024!!!!
