2021 AMA Racing Rulebook Update

The following rule change was created through the AMA Competition Commissions process. The change has been approved by the AMA Board of Directors and will go into effect **January 1, 2021**. New rules for the 2021 season are shown and printed in ***bold italic*** type.

Update to be included in all amateur AMA Racing disciplines:

All helmets must be intact and no modification may be made to their construction that alters the helmet from the condition it was tested and approved. The helmet is made to provide protection and is not a platform to attach foreign objects. For example, cameras or other accessories are NOT permitted to be attached to the rider's helmet.
