Re: CB2026.05.SX, 2026 AMA Supercross Rulebook Update (Holeshot Defined)

The following information identifies an update to the 2026 AMA Supercross Rulebook effective immediately.

SECTION 1 - SPORTING REGULATIONS

1.7 TIMING & SCORING PROCEDURES

1.7.3 HOLESHOT DEFINED

- a. The holeshot is determined by the electronic timing and scoring system, utilizing track-embedded loops and registered motorcycle transponders. The rider whose transponder is first recorded crossing the designated timing loop is officially credited with the holeshot.*
- b. All results become final once electronically recorded and final results are officially published.*
- c. The white line displayed on the track serves only as a visual reference for spectators and does not determine official holeshot results.*
